<b>Renewal of License Class</b>	<b>March 14, Monday</b>	<b>9 AM to 5 PM</b>

TrueCourse Captain's School is a USCG approved school that specializes their instruction on the Inland River Systems and Great Lakes. Our instructors are specially trained to give you every advantage to understand the material that is included on the USCG test (we give the test!). We go the extra mile that most schools neglect, by providing all the other required steps to ensure that you will complete every regulation to obtain your license. No other school "holds your hand" throughout the process of license application like TrueCourse Captain's School.

Yet, our courses are designed for the pleasure boater too. So, even if you're not planning a career as a licensed captain, you find the material will make you a better skipper. And bring the First Mate for a reduced fee (please inquire),

If you have your license, you might wish to upgrade to a Masters License or add the Towing Endorsement to your current license. And for you "old salts", remember that you need to renew your license, with a physical, every 5 years. We offer the approved courses to keep upgrading your license or current.

The classes are in the comfortable relaxed setting of the St. Mathews Fire Department training center at 240 Sears Ave. St. Mathews, KY (502-893-7825. Please bring a copy of your photo ID to class.

You'll find attached, a matrix of each license available, and its use. Also included in this package, is the Schedule of Fees for each step. Note that in our OUPV class, we supply everything including student workbooks/manuals, quality Weems and Plath navigation plotting gear, charts, and all the tools necessary to complete the coursework.

We hope you will consider enrolling. Just complete the attached enrollment form front and back, and send with a \$100 deposit to save your seat (limited to 24) or the entire fee and ship it out so we can get you under way toward better boating. If you have questions....CaptainGetter@TrueCourses.com or 937-478-1947 for more info. See you in class!
